

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Preface.

CHIPPING is one of the very few old-world Lancashire villages left. The traveller anxious to explore its quaintness will best reach it from Longridge Railway Station, whence it is distant between 4 and 5 miles. The Church, dedicated to Saint Bartholomew, had its original foundation before the Conquest, but was restored in the 16th Century. It stood about the centre of its ancient Parish which comprised an area of 3 square miles, or nearly 9000 acres. There were only two townships in the Parish—Chipping and Thornley-cum-Wheatley—and no Chapelries.

The Registers commence in 1559, and the present printed volume includes what we know as Vols. I. and II. of the Original Register. Original Vol. I. (marked "A" on its sheepskin cover) consists of 46 sheets of parchment and a paper flyleaf bound in a sheepskin cover, and the whole re-bound in leather. Vol. II. really consists of two

volumes stitched together, marked on the sheepskin covers "B" and "C." "B," including the cover (written on), comprises 15 parchment leaves. Vol. "C," including the cover, comprises 44 parchment leaves. Vol. II. is also re-bound in leather. The average dimension of each parchment leaf is 13 inches by 6 inches. The number of entries is 4568.

The Registers, though very difficult to decipher in parts, are on the whole in fair condition. The great difficulty with regard to them has been to straighten out the entries into chronological order. Many entries in Vol. II. of Original are of far earlier date than the entries in Original Vol. I., and the Parish Clerk's rule seems to have been wherever he found a vacant spot in the Registers there to make his entry regardless of chronological order.

Too much credit cannot be given to the Editor of this volume for the patience exhibited in getting the entries into anything like chronological order, and it is believed that the printing of this volume will reveal a store of local information hitherto unsuspected.

Enquiry has failed to elicit the existence of any Episcopal Transcript.

In addition to the obligations we are under to the Editor of this volume, our gratitude is due to our Member, Mr. Arrowsmith, who has assisted in the revision of the whole of the proofs.

The Rev. George Burwell, M.A., the present Vicar of Chipping, has the Society's gratitude for the facilities he has so kindly afforded for the transcription of the Register.

The references on the margin of this volume have relation to the pages of Original Volumes I. and II. respectively.

Rules.

1.—That the Society shall be called "THE LANCASHIRE PARISH REGISTER SOCIETY," and shall have for its object the transcribing and publishing of the Registers of the ancient Parishes of the County.

2.—That the affairs of the Society shall be governed by a Council, consisting of a President, Secretary, and Treasurer, with nine other members, to be annually chosen at the general meeting.

3.—That three members of the Council shall form a quorum.

4.—That the subscription of members of the Society shall be one guinea per annum, which shall entitle them to the publications for the year; but any member whose subscription shall be two years in arrear shall thereupon be removed from the Society, and shall not be re-admitted until all arrears have been paid.

5.—That the subscriptions shall be due on the first of January in each year, and that no work shall be issued to any member whose subscription is in arrear.

6.—That an annual meeting of the Society shall be held in the month of February, of which due notice shall be sent to all the members. At this meeting, a report of the work of the Society, with a statement of the income and expenditure, shall be presented. These shall be annually published, together with a list of members and the rules of the Society.

7.—That so long as the funds of the Society permit, two volumes at least shall be issued to members in each year.

8.—That no payment shall be made to any person for editing any work for the Society, but that the editor of each volume shall be entitled to ten copies of the work so edited by him.

9.—That the Council may require any transcript to be examined by them before publication.

10.—That no volume of Registers be published without a full index of both Christian names and Surnames.

11.—That the Treasurer's accounts shall be audited by a member of the Society, who shall be elected at the Annual meeting.

12.—That no alteration shall be made in any of the above rules except at the annual general meeting. Notice of any proposed alterations must be sent to the Hon. Secretary a month before such general meeting.

Lancashire Parish Register Society.

REPORT

of the Society's Work In Its 4th & 5th Years,
read at the ANNUAL MEETING held on
Friday, 24th April, 1903, in the Audit
Room, Chetham Hospital, Manchester.

SINCE the last Annual Meeting held 22nd March, 1901,
the Society has to record steady progress.

For the year 1901, the Volumes issued have been a 2nd part of Didsbury, with an Index to both this and the earlier Volume—a Volume of Brindle, 1558-1714, and a 2nd Volume of Bury, 1617-1646 (with Index to itself and to the earlier Volume of Bury).

For the year 1902, a Volume of Middleton, 1541-1663, has been issued (with a Plate of Middleton Church, the generous gift of Mr. W. A. Tonge), and a substantial Volume of Ormskirk, 1557 to 1625, is so far ready for issue, that an unbound copy is laid before the Members to-day. We are glad also to lay before to-day's Meeting, an unbound copy of Chipping, 1559-1692, which will be the first Volume issued for 1903.

Transcripts of Padiham, Prescott, Radcliffe, Eccleston, Great Harwood, Bolton and Poulton, are all ready for the Printer.

Several of our Members have given promises to shortly print Volumes at their own expense, and as there is yet an enormous field of Libraries and private individuals wherefrom to obtain additional subscribers, our Society ought to do much useful work in the near future.

We have to return sincere thanks to the Rectors of Didsbury, Bury, Middleton and Brindle, and the Vicar of Ormskirk, for every facility afforded in the transcription and publication of their Registers.

Our Membership keeps up and the interest of the later Members is shown by the fact that they join as from the first, and so the earliest issues of the Society are becoming increasingly difficult to obtain.

A copy of the Balance Sheet will be forwarded to the Members.

Lancashire Parish Register Society.
